## **Applying for Junior Web Developer (Fully Matched)**

To: [programingHero@gmail.com](mailto:programingHero@gmail.com)

Sub: Applying for Junior Web Developer Post.

Dear Hiring Manager,

I am pleased to be applying for the Web Developer position in your company. My extensive experience with designing and developing websites using React, Rest Api's, MongoDB matches well with your requirements. In addition, my background in working in large development teams has given me the skills to adjust to the changing dynamics and processes of those environments while meeting scheduled milestones and deliverables.

Thank you for taking the time to review my credentials and accomplishments. I am very passionate about being a competent and contributing team player, and I hope to have the opportunity to discuss my examples in greater detail with you. I look forward to answering your questions and learning more about this position and your development teams.

Sincerely,

Asraful Islam

## **Applying for Junior Web Developer With One-year Experience**

To: [programingHero@gmail.com](mailto:programingHero@gmail.com)

Sub: Applying for Junior Web Developer Post.

Dear Hiring Manager,

I am pleased to be applying for the Web Developer position in your company. I got this circular from Indeed and saw the requirement of your company for this post. As the following all requirements match with me. But sorry to say that I have only one year of experience. But I did some projects which can prove myself perfect for this post. I attached the projects with a live link and code with my resume. I also assure you to complete any project if you give me a chance.

Thank you for taking the time to review my credentials and accomplishments. I am very passionate about being a competent and contributing team player, and I hope to have the opportunity to discuss my examples in greater detail with you. I look forward to answering your questions and learning more about this position and your development teams.

Sincerely,

Asraful Islam

## **Applying for Junior Web Developer With (Some requirements Missing)**

To: [programingHero@gmail.com](mailto:programingHero@gmail.com)

Sub: Applying for Junior Web Developer Post.

Dear Hiring Manager,

Hope You are doing good. I hear you from LinkedIn and got to know that you are looking for a Junior Web developer with Node, SQL, JavaScript, Sass, Talwin CSS. With those requirements, I Have all, except Talwin and SQL. But if you give me the time I will learn those very soon and also do some project.

As a web developer, I used to learner new features and technology. Hope this time I also learn new things with your company. And that will help me to join your company.

Thank you for taking the time to review my credentials and accomplishments. I am very passionate about being a competent and contributing team player, and I hope to have the opportunity to discuss my examples in greater detail with you. I look forward to answering your questions and learning more about this position and your development teams.

Sincerely,

Asraful Islam
